

RSC Gold 2017

RSC Gold is the Royal Society of Chemistry's premium online package made up of 36 chemical science journals, an eBook series and five literature updating services.

An RSC Gold subscription ensures your library has...

...access to high quality chemistry research

Our journal portfolio has an average Impact factor of **6.105*** and RSC Gold gives access to leading chemistry journals including:

*Data based on 2015 Journal Citation Reports® (Thomson Reuters, June 2016)

...a comprehensive collection of resources and chemical sciences research

Journals (■) included in RSC Gold cover the breadth of chemistry and related fields.**

Journals Archive lease

An RSC Gold subscription gives you the option to add the Journals Archive (1841-2007) lease to your subscription to ensure your library users benefit from 166 years of chemistry research.

The Journals Archive is also available as a one time purchase. For more information please contact us.

Free content

As an RSC Gold subscriber your library receives access to all of our free content. This includes:

- The first two volumes of all online journals launched from 2008
- New journals that are in their two-year free access period
- *RSC Advances* and *Chemical Science* – our two gold open access journals
- *Chemistry Education Research and Practice (CERP)* – free to access due to sponsorship by the Royal Society of Chemistry's Education Division
- The first chapter of all of our eBooks

Key features

- IP authentication to ensure instant and easy access across your library sites
- COUNTER compliant usage reports for all online journals, books and databases free of charge
- DOI for all journal articles and eBook chapters
